Appointment of teachers to the corporation schools and other connected matters.

From

The Director, Corporation of B'lore
No A6-31/82 Dated 18.2.83

Requests the confirmation called for

40) The Report of the Director is for perusal

Under Sec 89 of the Corporation Act appointments to the Corporation establishment shall be made

(a) by the Corporation if the monthly maximum Salary of the Post exceeds Rs 100/ and

(b) by the Director in all other Cases

41) However as per amendment of the Act of 1981 Selection of Staff to the appointment and be necessary, if the monthly maximum Salary of the Post exceeds Rs 250/

42) The above power of the Corporation is delegated Such a procedure is also said to be in vogue in the Madras Corporation also on the model of which our Act is framed. The Corporation has a proposal

8992/ab

Appointment of teachers to the corporation schools and other Corporation 10

for the recommendation of the Bureau also in view of these facts it is held that no sanction of Govt is necessary to the appointments to the Corporation except those referred to in para 4 above nor are they governed by the Rules of PSC it is because of the Academic objection sanction to the appointment of any Corporation teachers which is the case sought for This audit objection does not seem to be consistent with the provisions of law and any sanction to be accorded only be to satisfy the academic requirements through Superintendence as the present set up of the Corporation But the Corporation has conferred powers of appointing to the Corporation establishment without reference to the Rules of PSC or waiting for the sanction or approval of Govt the sanction insisted upon by the audit has to be given as a matter in the light of these legal provisions

(13) However a comprehensive note to be

U O Note No S 38/53-4/P S C Dated 1st July 1953

Returned

8) It is seen that there are three categories of teachers

1) those who have been appointed regularly as teachers,

2) those who were appointed in the Civil Station (retroceded) prior to 26-2-1948, the date from which the rules of recruitment came into force in that Station,

3) those who were appointed temporarily as local candidates, (a) in the Civil Station after 26-2-1948 and (b) in the City during pre-and post-corporation period

9) The Commission is of opinion that teachers und category (1) may be confirmed from the date on whi

they completed the prescribed probationary period successfully, and that those belonging to category(2) have to be given the same concessions that were granted to the Civil Station employees working in the Food Department, (G O No E 14904-6/R & P S 35-52-2 dated the 20th February 1953), Such of the teachers as were appointed in the Civil Station prior to 26-2-1948 in accordance with the rules that were in force under the erstwhile regime in that Station may be absorbed in their places, subject to the condition that they have undergone the period of probation for one year from the date of their appointment

60) The Commission considers that the teachers of category (3) are not entitled to any concession They were appointed temporarily as local candidates pending compliance with the rules of recruitment which are, under the existing Government Orders, applicable to the Corporation Services Strictly speaking their services should be terminated irrespective of the length of service put in by them and the vacancies released thereby filled up after advertisement as per Government letter No L 11962 dated 19-2-1953 But there may be some teachers among them who have put in more than two or three years of service Their removal at this distance of time will hit them hard In G O No E 2161-74/ R & P S 14-49-2 dated the 31st May 1950, it was directed that the general rules of recruitment be made applicable to the Municipal High Schools from 1-6-1950 The relaxation in the rules of recruitment for filling up the vacancies in Municipal High Schools referred to in Government Order dated the 3rd November 1944 was discontinued The Commission considers it necessary to show some concessions to the teachers appointed prior to 1-6-1950, under

(CONTD)

the old dispensation In G O No E 13961-80/Edn 83-52-4 dated the 31st January 1953 all teachers appointed in the District Board High Schools prior to 21-10-1950 were ordered to be confirmed, subject to certain conditions It is felt that the same concession may be extended to the teachers of the Bangalore Corporation High Schools All the teachers who were appointed temporarily without reference to the rules of recruitment prior to 1-6-1950 in Corporation High Schools may be confirmed in their appointments subject to the same conditions as ~~laid~~ laid down in Government Order dated the 31st January 1953 These concessions need not be made applicable to those appointed after 1-6-1950 The vacancies that have occurred after that date should be registered, classified and filled up after advertisement as per rules Pending advertisement the existing incumbents may continue as local candidates

61) The Commissioner, Bangalore City Corporation, may be requested to forward, for consideration of the Commission a statement showing 1) the names of candidates under each category appointed as teachers in Corporation High Schools, 2) their communities, qualifications and age, 3) classification of the vacancies, 4) the date of their appointment and 5) other particulars

62) The Commission considers that these concessions may also be extended to the teachers ~~to the teachers~~ appointed prior to 1-6-1950 in Municipal High Schools in other units

63) With regard to the applicability of the rules of recruitment to the Corporation services, the Commission has examined this question separately and furnished its views with reference to the existing rules in Secretariat -

SUBJECT - PROCEEDINGS OF THE CORPORATION DATED 11-7-1950

With reference to your Letter No L 6084 dated 7-9-50 enquiring whether the Girls' High School at Gandhinagar has been started or not etc , I have the honour to state that the School referred to was opened on 20th July 1950 and that it has been temporarily located in the Mitha Bai Patel's Building-Gandhinagar, wherein the Girls' Middle School classes are being held

I wish to add in this connection that the applications in the prescribed C R B Forms for filling up the posts of the tutorial staff specified in the Corporation resolution (No 3) were invited and that all the Candidates who had applied for the posts were intimated of the interview fixed by the Education Sub Committee of the Corporation Schools

On the date fixed for interview, the Candidates who appeared in person were interviewed by the Committee on 18-7-1950 and 21-7-50 who after detailed examination of these candidates and having in view of the C R B Rules, selected suitable hands among them. The selection of these candidates was also approved by the Corporation at their meeting held on 20-7-50 and 17-8-1950 Copies of

SIR

APPOINTMENT OF THE TEACHERS IN CORPORATION SCHOOLS AND CONFIRMATION OF THE

I write to state that a good number of teachers in the Corporation Schools appointed prior to the C R B rules came into force in Civil Area have not been confirmed

There are also several teachers who have all been locally appointed for over a year and whose appointments have not been regularised, awaiting confirmation Since the merger of the two Municipalities (City and Civil areas) into a Corporation the question of making the employees of the Corporation permanent and pensionable has cropped up

The non-confirmation of the teachers entertained both on C R B and non-C R B basis have prevented them from earning their periodical increments though they have finished their probationery period of one year and have been acting in permanent and clear vacancies Besides, the summer vacation salary and the provisions of Mysore Service Regulations in regard to their leave, Insurance and Provident Fund etc , could not be made operative in their cases

The question of applicability or otherwise of the C R B rules to the employees of the Corporation has become a controversial affair and the same is before the Corporation

Under the provisions of the Corporation Act, the Commissioner is competent to make all appointments carrying a pay up to Rs.100/- and in cases of appointments, the salary

p t o

of which exceed Rs.100/-, appointments are made by the Corporation In this connection a reference was made to the Madras Corporation and a reply therefrom has been received to the effect that the Commissioner is competent to make appointments up to Rs.500/- and in case of appointments the salar of which exceeds 500/- appointments are made by the Corporation The Corporation Act of the Bangalore is based on the same analogy and principles of the Madras Corporation Act There is now agitation from the teachers working in the Corporation Schools for their confirmation and sanction of the increments

In this connection reference is invited to letter Nos 3992 dated 11th July 1950 and L 11592 dated 19th February 1951 inviting opinion of the Corporation in regard to the recruitment of teachers to the Corporation High Schools The question of confirmation of all the teachers appointed either through C R B or non-C R B was placed before the Corporation for sanction with a clear note detailing the entire situation at their meeting held on 23rd June 1952 They have approved of the Commissioner's note dated 23rd April 1952 viz

Corporation of all the teachers appointed either through C R B or non-C R B in Corporation Schools who in permanent vacancies and in Cases of above one year have finished their probationery period of one year from the date of their appointments as such,

2 the grant of periodical increments accrued from time to time,

3 the drawal of summer vacation salary in respect of non-C R B teachers and clerks pending compliance with 1 and 2

I have to state in this connection, that the opinion of the Corporation Auditor was also invited in regard to the date of the confirmations of teachers against permanent vacancies and a copy of his reply is also enclosed for favour of reference

Agreeably under article 233 M S R read with article 235, the period of probation of the acting teachers may be included in the period of confirmation

A copy of the resolution of the Corporation together with a copy of the office note (which is self-explanatory) referred to in the resolution is enclosed herewith for obtaining orders of Government to the resolution in the matter of confirmation of teachers entertained on non-C R B basis who have finished their probationery period of one year on 23rd June 1952 i e , the date of the Corporation resolution and in case of these who have put in more than one year's approved service, from the dates of their appointments as such in permanent vacancies under the special circumstances of the case

No A6-31-52-53 dated 23rd April 1952

NOTE TO THE CORPORATION

Sub Confirmation of teachers and sanction of increments in the Corporation Schools

A good number of teachers in the Corporation Schools appointed prior to C R B rules come into force into the Civil Area who have been entertained years' back, have not yet been confirmed

There are also several teachers who have all been locally appointed years' back and whose appointments have not yet been regularised who are awaiting confirmation This has prevented them from earning their periodical increments and also getting confirmation though they have finished their probationary period of one year and been acting in permament vacancies Besides, the receipt of summer vacation and the provision of the M S R in the regard to their leave, Insurance and Provident fund etc , could not be made operative in their cases

The question of the applicability or otherwise of the C R B rules to the employees of the Corporation which is the main reason for their non-confirmation is pending before the Council In the office note it has been clearly stated that the recruitment of the staff to the Corporation is not to be governed by the C R B rules following the practice in the Madras Corporation and that the Corporation and the Commissioner may make appointments as per the provisions of the Corporation Act

Certain teachers of the Corporation High and Higher Ele Schools of the Civil area, appointed prior to 26th February 1948, i e , the date from which the C R B rules came into force in the Civil Station are awaiting confirmation which is actually due If these teachers are confirmed,the other non-C R B teachers who have neither been confirmed nor granted increments would feel discouraged and thus the efficiency of the staff would be at the stake Besides, the summer vacation is already on hand and accordding to the rules in force their services hav

have to be terminated and re-entertained after summer vacation duly taking agreements from them

CORPORATION GIRLS' HIGH SCHOOL, GANDHINAGAR

The Government in their latest letter No L 11962 dated the 19th February 1951, have said that the appointments in the Municipal High Schools are governed by the rules of recruitment and that the appointment made in the Corporation Girls' High School, Gandhinagar without observing C R B rules should be cancelled, classified and posts filled up after advertisement and that pending compliance the existing staff be confirmed purely as a temporary basis and as a local arrangements

In this connection, attention is invited to Government Order No L 4247-61/M1 96-44-33 dated 3rd November 1944 providing relaxation of the C R B rules in view of the difficulty in securing suitable candidates for the posts of the teachers in Municipal High School and (2) Government Order No E 2161-74/R P S 14-49-2 dated 31st May 1950 which says that there is no need to continue the relaxation referred to in the former Government order dated 3rd November 1944 there being no difficu in securing the suitable candidates The latter Government Order was placed before the Standing Committee (Education) and they recorded it at their meeting held on 15-11-1950 saying that it does not apply to the Corporation Schools It has to be stated in this connection that the difficulties of securing graduate teachers even now have not mitigated and the appointment of graduate teachers in not as easy as those of graduate clerks Any graduate or under-graduate may be appointed as a Clerk, but a teacher has to have qualifications of different combinations viz , B A , (Arts), B Sc , (C B Z C B G , P C M) etc Persons appointed locally, if they have no security of tenure will not muster up the requisite zeal and enthusiasm and there will be consequent inefficiency of the staff The responsiblities of the teacher are such that they have to train the boys and girls for examination an frequent changes of the staff by terminating the services of

of the locally appointed candidates have undesirable consequences upon the training imparted in our institutions and would gravely affect the results achieved by our pupils in the examinations

In view of the above, the staff of the Corporation Girls High School, Gandhinagar and in High Schools and other Higher Ele Schools in the Civil area as well entertained on non-C R B basis ought not to be disturbed at this juncture in the interest of the respective institutions concerned

With a view to overcoming the difficulties narrated above, I recommend to the Corporation for sanctioning of

1 the confirmation of all the teachers appointed either through C R B or non-C R B in Corporation Schools who have finished their probationary period of one year in permanent vacancies and in cases of above one year from the date of their appointment as such

2 The grant of periodical increments accrued from time to time

3 The drawal of ~~summer vacation~~ of summer vacation salary in respect of non-C R B teachers and Clerks pending compliance with 1 and 2

Sir,

SUBJECT: Appointment of teachers in the Corporation Schools and confirmation of the

****

With reference to your letter No. 13879/G M 52-53 dated 20-11-1952 and the subsequent D O reminder No L 19159 dated 6th February 1953 on the above subject enquiring under what subject provision of law sanction of Government is sought for, I write to state that for the reasons stated in the Commissioner's note (copy of which was sent to Government with this office letter of even number dated 5-8-1952) and on the opinion of the Auditor copy of which was also sent, sanction of Government was sought for

It may be stated in this connection that as per the note referred to, it is clear that under the provision of the Act the Corporation is competent to make appointments in cases of all employees whose salary exceeds Rs 100/- while in cases of employees below Rs 100/- the Commissioner can make appointments This procedure is in vogue in Madras Corporation also and the Corporation Act modelled on the identical line of the Corporation Act of Madras, has conferred greater powers for the Corporation in the matter of appointments unlike the previous enactments

Further, the Corporation at its meeting held on 9-2-1953 have also passed a resolution in connection with the municipalisation of the services of the Corporation Employees vide (copy enclosed)

P t o

as the auditor was still diffident about the powers of the Corporation, sanction of Government was sought for to the resolution of the Corporation dated 23-6-1952 and such a sanction is not governed by any provision of the Corporation act

I therefore request that sanction of Government may kindly be obtained to the resolution of the Corporation as already requested in this office letter of even number dated 5-8-1952 since there is much agitation from the teachers for their confirmation and sanction of increments

Forwarded with compliments

P Hanumanthaiah,)
MAYOR

FOR COMMISSIONER

VKR 20/2/-

SUBJECT NO 19 OF THE AGENDA DATED 21-11-1952

Subject No 19 Report of the Sub-Committee constituted to examine the question of municipalization of all services in the Corporation of the City of Bangalore

---

Note The report of the Sub-Committee is extracted below -

The question of the manner in which municipal services have to be recruited and organised has been under the consideration of the Corporation for a long time At a meeting of the Corporation held on the 15th June 1950 the following two resolutions were passed unanimously

Resolution passed at the Ordinary General Meeting of the Corporation of the City of Bangalore, held on 15th June 1950

---

6 Commissioner's note in the matter of Municipalisation of the services of all the Corporation employees

---

The Commissioner explained that before the formation of the Corporation there were two distinct procedures in the Civil Station and City Municipality In the Civil Station, appointments were of three categories viz , (1) posts carrying less than Rs 150/- per mensem were filled up by the President himself (2) appointments in respect of posts the pay of which was from Rs 150/- to Rs 250/- per mensem, were made by the Municipal Commissioner and (3) posts carrying salaries of Rs 300/- and above were filled up by the Hon'ble the President in consultation with the President Except in very rare cases there was no question of having lent officers from Government services All the incumbents were entirely Municipal servants In the City Municipality the officers of the Engineering and Health Departments were all Government Officers In the Health Department, the Health Inspectors were attached to the Public Health Department and lent to Municipal service In the Engineering Department there were officials both Municipal and Government In the other departments also the practice to lend municipal servants to Government service and vice-versa was not uncommon The chief reason for all these was the pension system and there was a provision in the City Act also to that effect The Commissioner added that the Corporation Act contained provision in regard to four categories of appointment viz , (1) the Commissioner to be appointed by the Government (2) the Health Officer, Engineer, Revenue Officer and such other officers as the Corporation might consider necessary to be appointed by the Corporation subject to confirmation by the Government (3) other appointments to be made by the Corporation if the monthly pay exceeded Rs 100/- and (4) by the Commissioner in respect of the cases under section 89(b) It was therefore clear that except the Commissioner all other officers should be Corporation employees There was no provision in the Act whereby they might lend the services of their employees to Government or take from the Government In other Corporations like Madras, Bombay etc , the position was analogous In the circumstances they might take up the question of municipalising the services of all the employees The Standing Committee (Taxation and Finance) at their budget sittings had already tackled this question and decided as proposed above.

Sri Seetharam pointed out that there were some teachers in the Municipal schools who were governed by Government rules, and he wished to know what would be their position in case the Commissioner's proposals were to be given effect to

The Commissioner replied that he would consult the Educational authorities concerned and clarify the position

Sri C Rajagopalachar said that there were only 2 Head Masters in the Municipal High Schools, who were lent by the Government, but there were other Corporation employees who were lent by the Government and their position should also be clarified

Sri Narasimh enquired whether the Commissioner's note was considered by the Taxation and Finance Committee

The Mayor replied that the Taxation & Finance Committee had already approved the matter and the Commissioner's note was put up laterom, based on the

based on the recommendation of the Taxation and Finance Committee

Sri Seetharam suggested that they could accept the proposal with the rider that the question of all the teachers in the various Corporation High Schools would be examined and a note submitted

The house approved the suggestions unanimously

Resolved that the entire establishment of the Corporation be municipalised and that the practice of lending the services of municipal employees to Government and vice versa be discontinued

Resolved also that this resolution be kept in abeyance so far as education department was concerned regarding which the Commissioner is requested to give a note

'The views given by the then Commissioner may be summarised as follows -

It was therefore clear that except the Commissioner all other officers should be Corporation employees There was no provision in the Act whereby they might lend the services of their employees to Government and take from the Government In other Corporations like Madras, Bombay etc , the position was analogous In the circumstances they might take up the question of municipalising the services of all the employees

This resolution has not been able to be put into practice for a variety of reasons as explained in the note of the Commissioner dated 22-4-1952

On the note of the Commissioner explained in detail the pros and cons of municipalisation the subject came again before the Corporation and the following resolution was passed on 28-7-1952

Resolved that a Sub-Committee consisting of the Mayor, Srijyuts K M Kannamma V C Govindarajulu, A V K Pai, C Rajagopalachar, I S Sunaran, V P Dhanadayalu Naidu, with the executive heads be formed to go into the question and to give a detailed report to the Corporation at an early date '

The sub-Committee met several times and went through the note of the Commissioners from time to time The opinion of the present Commissioner, Engineer and Health Officer was also taken

The Committee is of opinion that all the employees in the Corporation should be under the direct control of the Corporation It was only then they will have proper jurisdiction in regard to discipline and other matters What happened many a time was that employees coming from other departments would be always looking to their own departments outside the Corporation for their prospects and promotions and it was difficult to extract much work from them The Committee entirely agrees with the office note dated 24-4-1952 that 'Municipal work is a work of a somewhat special type and requires special training not only on the technical side, but also in adapting one self to work in a body almost exclusively non-official in composition What is required is speed and quickness in execution and cordial and happy relations with the members of the Corporation and the non-official public These special aptitudes may not always be available with officials who are lent from Government or other services Particularly the nature of work in the Corporation is such that the officials should know each and every nook and corner of the City and it was only then they could find out and prevent unauthorised constructions or encroachments as the case may be If they went on changing the officials now and then, it would not only be inconvenient to the Corporation but in the long run it would amount to a loss of revenue to the Corporation

The Committee is also of opinion that it is not possible to expect the same devotion and loyalty to the interests of the Corporation from lent officers and officials who have as it were one leg in an another outside the Corporation These people look forward to their prospect and promotion to quarters other than the Corporation and have a feeling that at any moment they can leave the services of this body and go back to their parent units On the other hand officials who are recruited and trained by the Corporation, knowing as they do, that all their prospects and promotions will be entirely dependent and bound up in fact with the welfare of the Corporation will certainly serve it more

devotedly than the lent officials The staff employed permanently by the Corporation will show more discipline and obedience to, the behests of the Corporation and their superior officers than Government servants lent to our service

The Committee took notice of the fact that the entire establishment of the erstwhile Civil Station was already municipalised and that the same could be adopted regarding the staff in the City as well

The Committee is of opinion that all services be it executive, technical administrative or Educational including the Corporation Commissioner be municipalised and the Act might be amended suitably so as to empower the Corporation to appoint its own Commissioner

The proceedings of the Sub-Committee are placed below:-

Proceedings of the meeting of the Sub-Committee constituted to consider the question of municipalisation of Corporation service , held on 21st October 1952 at 4 P M in the chambers of the Mayor, Corporation Offices, Bangalore City

==========

Present -

1 Sri B V Lankappa, B A , LL B Mayor
2 " M K Govindarajulu, B A , B L
3 C Rajagopalachar
4 K S Kumaran
5 " V P Dhoondayalu Naidu,
6 The Commissioner
7 The Engineer
8 The Health Officer

Absent -

Sri anna
Rao

The Mayor explained the office note in regard to municipalisation of services as put up by the previous Commissioner which stated that a beginning be made to municipalise the services except the technical staff of the Health and Engineering Departments who were mostly lent officials He said that this question was pending from a long time and that therefore it was desirable that an early decision should be taken He requested members to furnish their point of view in the matter He also pointed out that the entire staff of the Civil Station were borne on municipal service and as such there was no question of lent officials in so far as Civil Station staff was concerned

Sri C Rajagopalachar suggested that all the services excepting the Commissioner must be municipalised including the staff in the several Corporation schools He said that the teachers in the schools were directly appointed by the Corporation and they were deemed to be municipal employees There were only two officials viz , the Head Masters of Chamarajapet and Mallesvaram High Schools who would come under this scheme

Sri K S Kumaran said that so far as certain section of employees were concerned, they were already municipalised The only part of the employees to be municipalised of, was probably that of Health and Engineering Departments He was of the opinion that all the employees in the Corporation should be under the direct control of the Corporation It was only then they will have proper jurisdiction in regard to discipline and other matters What happened many a time was that employees coming from other departments would be always looking to their own departments outside the Corporation for their prospects and it was difficult to expect much work from them Particularly the nature of work in the Corporation was such that the officials should know each nook and corner of the City and it was only then they could prevent unauthorised constructions or encroachments as the case may be If they went on changing the officials now and then, it would not only be inconvenient to the Corporation, but in the long run it would amount to a loss to the Corporation

If the staff was municipalised, the representatives of the people can also putforward their voice in regard to the efficiency in the department. Therefore he would see no reason why they should postpone municipalisation any longer. He was firmly of opinion that they should municipalise all services, be it executive, technical, administrative or whatever it may be. There should not be dual loyalty or control which would hamper the efficient administration in the Corporation.

Sri V.K. Govindarajulu said that while fully agreeing with Sri K.S. Kunaran he would suggest that all the services top from the Commissioner down to the lowest employee must be municipalised. Even the Act might be amended suitably so as to empower the Corporation to appoint its own Commissioner.

The Mayor said that the question of the Commissioner might be deferred for the present as it required amendment to the Act. He suggested that this question might be referred to the Amendments Committee for their consideration.

The Engineer pointed out that there were certain drawbacks also if they were to adopt entire municipalisation. Firstly limitation of prospects would come in the way and secondly it would be an indrance for getting efficient men from other departments.

The Health Officer said that the entire staff in the erstwhile Civil Station was municipal staff right from the Engineer and Health Officer down to the lowest menial. There was no lent official in the Civil Station excepting the Collector who used to be the President. The question of municipalisation was of such a nature that points could be advanced both for and against. Calcutta was the only Corporation where even the Commissioner was appointed by the Corporation and he was called as the Chief Executive Officer. There were different grades and wider scope in other Corporations, but here it was not so. There must be some incentive to the staff so far as prospects were concerned. He had also studied the condition of service in Bombay Corporation. Actually by experience the Corporation there had recently handed over its powers of appointment to the Bombay Public Service Commission. All appointments above Rs.300 were given to the Public Service Commission for appointment.

The Mayor pointed out that nothing precluded the Corporation to indent upon the services of efficient men from other departments if necessity arose. There was provision in the Act to take outsiders on contract basis.

The Commissioner felt that persons in Government Service having put in 10 or 15 years may not apply and there may be some difficulty in getting experienced hands.

The following resolution was then adopted unanimously:-

"That this Sub-Committee recommends that all services of the Corporation including the employees in the several Corporation schools, be municipalised as per the previous resolution of the Corporation."

Sri K.S. Kunaran felt that till the municipalisation scheme was put into effect, no transfers must be effected.

The Health Officer pointed out that the exigencies of service required the Director of Public Health and other heads of Departments to effect transfers under the existing arrangement. After the Corporation taking a firm and final decision, Government must be communicated of their decision giving them sufficient time to reduce the number of posts meant for the City from their establishment. All vacancies now held by lent officials must be advertised and applications might be invited not only from people working in the Corporation but also from outside. A Committee may be constituted if necessary for the selection of best men from among the applicants.

The Mayor replied that these are details which could be worked later on. He thanked the members for having attended the meeting and finalised their report.

B.V. LANKAPPA
MAYOR.

MYSORE PUBLIC SERVICE COMMISSION 2779/E

Office of the Public Service Commission,
"Ballabrooie", Palace Road High Grounds,
Bangalore, dated the 11th August 1951

4012/51-52 PSC -
2 encls

To 17 FJ

The Secretary to Government,
Education Department, Bangalore

Sir,

APPOINTMENTS IN BANGALORE CORPORATION

I am directed to invite kind reference to correspondence ending with this office U O Note No 135/50-51 PSC dated 13-12-50 regarding appointments of teachers in Corporation Schools, and to state that no reply has so far been received in the matter

In this connection I am also to forward, herewith, copies of the marginally noted correspondence between this office and the Commissioner, Bangalore Corporation, and to state that the Commission is of opinion that all appointments in the Corporation continue to be governed by the rules of recruitment as heretofore Though the appointing authorities of the Corporation have been given more powers of sanctioning appointments without reference to Government than those conferred on the officers of the defunct municipality, yet the status-quo of the Commissioner as Unit Officer remains unaltered for purpose of recruitment, as in G O No E 9709-157/ R & P S 10-49-2 dated 28-2-1950 the Commissioner is substituted for the marginally noted officers of the old municipalities in the list of Unit Officers Besides

Letter No G1 10636/50-51 dated 17-4-1951 from the Commissioner Corporation of the City of Bangalore
This office reply No 1598/51-52 PSC dated 18-5-1951

1) The Commissioner, Bangalore City Municipality
2) The President, Municipal Commission, Civil Station

this, the power to sanction or to make appointments does not imply that the appointments are excluded from the operation of the Recruitment rules It is, therefore, clear from the above Government order that the appointments of the Corporation have not been excluded from the purview of the Commission although there is no specific reference to the Rules in the Corporation Act as contended by the Commissioner As a matter of fact, no such provisions were made in the old Municipal Act Notwithstanding this, the appointments were made in accordance with the rules of recruitment in virtue of the inclusion of the Commissioner of the defunct Municipality in the list of Unit Officers

As contemplated under Art 321 of the Constitution of India, it may be necessary that an act has to be made by the Legislature for the exercise of additional functions by the State Public Service Commission in respect of the services of any local authority or other body corporate constituted by law or of any public institution In Mysore, the rules of recruitments were made applicable to all appointments in local bodies, including Municipalities, even before the commencement of the Constitution, and as such it is considered that the same will have to be continued on the existing basis till an Act of the State Legislature is promulgated (Arts 313 & 372 of the Constitution)

In the circumstances, the Commission desires that Government may be pleased to issue a definite ruling in the matter so that the authorities of different corporations may not violate the rules in making the appointments

I am also to request that a reply to this office Unofficial note dated 13-12-1950 and letter No 2522/49-50 PSC dated 17-8-1949 may also kindly be expedited

Yours faithfully,

Secretary,
Public Service Commission

FILLING UP THE TWO POSTS OF LADY DOCTORS

With reference to the correspondence ending with your D O No 11582/50 PSC dated 22nd March 1951, I write to state that before the advent of the Corporation the rules of recruitment of subordinate services of the Government departments were also made applicable to the local bodies Under Section 248(i) of the City Municipalities Act, appointments were being made through the Public Service --- Commissioner in the City area In the Civil Station area prior to 1947 all appointments were made either by the President or by the Commission only, according to the nature of the appointment After retrocession by a Government Notification the Civil Station Municipality was made a Unit to come under the purview of the Central Recruitment Board and appointments were made through the Public Service Commissioner After the advent of the Corporation the position has changed since there is no such provision in the Corporation Act to classify the vacancies in accordance with the rules of recruitment issued by the Government of Mysore According to sections 84 to 90 of the Corporation Act, the Commissioner and the Corporation are the appointing authorities except in few cases where sanction of Government is necessary Appointments up to the maximum salary of Rs 100/- per mensem will be made by the Commissioner and above that amount by the Corporation It was in this view that applications were called for filling up the posts of two Lady Doctors

--- --- --- --- --- ---

FILLING UP TWO POSTS OF LADY DOCTORS, MATERNITY HOME

With reference to your letter No G 1 10636/50-51 dated 17-4-51 on the above subject, I am directed to state that the rules of recruitment do not in any way affect the powers vested in any of the appointing officers except that the officers have to make the appointments following the said rules and that it is also not necessary that there should be a specific provision in the corporation Act to deal with the appointments in accordance with the rules of recruitment Further, when every appointing officer in all the departments including Municipalities and District Boards are making appointments according to the rules of recruitment, the Corporation of Bangalore cannot assume a different position in regard to this on the ground that the Corporation has come into being in place of the previous City Municipal Council and Commission, Civil Station In the circumstances, I am to request you kindly to take action under the existing rules of recruitment to deal with all appointments in the Corporation including the two posts of Lady Doctors referred to above The action taken accordingly to fill up these two posts may also kindly be intimated very early
